a. Safety and security

The University campus is spread over 25 acres of lush green picturesque slopes of Wagnaghat hills in the Solan District of Himachal Pradesh. JUIT campus is completely fenced with boundary walls all around its perimeter. There is only one gate which is guarded by security staffs 24×7 through which entry and exit from the campus can be done (Fig.1-2). Similarly academic blocks and hostels have an over-the-counter security system that ensures a safe and secure environment. CCTVs have been set up at strategic points including gates in all hostels and academic block to prevent any untoward incidents (Fig 3-5). The girls stay in separate hostels, with additional fencing around each block for security and 24 hour CCTV assistance. The girls are generally required to report back to the hostel by 8.30 pm and attendance is recorded by biometric machine. Entry of outsiders is strictly prohibited in residential areas. The institute has constituted a committee and a separate cell to deal with issues related to safety and security of girls and women, in particular an entire youth in general. The committee also looks into the matters related to gender based violence and conduct gender sensitization programs to give effect to a policy of zero tolerance on campus for gender based violence and harassments. The cell provides on-going management advise, supervision and oversight, as well circulate information material from time to time.
