SUGGESTIONS/ REMARKS (Based on your experience, how we can improve skills of the graduates to meet your company's needs.):

- ① Basic programming knowledge is missing. So we can improve on that.
- ② The fast-track course is really confusing the Biotech people. They don't want to stick with Biotech but still want to take sweet time in last sem.
- ③ Career counselling is a must. They end up wasting their & everyone's time because of lack of perspective.
