

Let me know if there are any formalities, documents further required.

If possible, send me an appointment letter as a EBM in "Journal of Chemistry" for our institutional record purpose.

With best regards,  
Dr.Garlapati

Dear Dr. Garlapati,

Thank you for accepting our invitation to join the Editorial Board of [Journal of Chemistry]. On behalf of the journal, we are delighted to welcome you to our team of Academic Editors.

In order to start handling papers, please ensure that you have created an account in our manuscript tracking system <https://review.hindawi.com>

You will soon receive an invitation to join the Hindawi Editor Community. In this exclusive platform, you can engage with your fellow Editors and gain access to key documents and training resources designed to support you in your new role. In the meantime, please visit the Editors section on our website to gain a greater insight into your role and responsibilities as an Editor: <https://www.hindawi.com/publish-research/editors/>

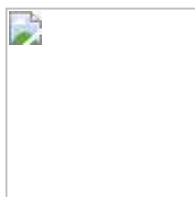

Please feel free to contact me with any questions you may have. We look forward to working with you!

Best regards,

Gilan

Dear Gilan,

Thank you for the update.I have created the account in the Hindawi Manuscript Tracking system too. Going through the suggested web pages for knowing the responsibilities as an editor.

Looking to receive the invitation mail to join the Hindawi Editor Community.

With best regards,  
Dr.Garlapati
