What do you enjoy most about living in residence?

ALYSSA

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and then I also

can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

EMILY

I enjoy the community and the RA's. Because of the multiple residence events it is a great way to make friends and to feel

less alone especially when you aren't from Windsor. I would recommend residence to anybody, especially for first year. It's a safe, supportive place to live when you have never lived alone before. It gives you the experience to begin adulthood, but with helpful outlets.

CALEB

I really liked being close to the meal plan food locations along with grocery stores such as

Food Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.
