8th June, 2020

Dear Dr. Kant,

This refers to to your email dated 18th May, 2020 regarding request for increasing the number of non-DBT support seats in M.Sc. Biotechnology at Jaypee University of Information Technology, Solan, from 10 to 20.

We are pleased to inform you that the Department has considered your request and approved admission of up to 20 students under non-DBT support category. The University should work out on following aspects before taking admission of additional students under non-DBT category (without DBT support) in M.Sc. Biotechnology program:

(i) PG Faculty-Student Ratio as per UGC norms.

(ii) Infrastructure (Physical and Equipment): Class Room, Laboratories space and equipment facility for accommodating the appropriate number of students for theory classes and hands-on experiments.

(iii) Institute should also keep in mind the availability of Hostel facility in the institute i.e., number of single bed rooms for students to follow the norms of social distancing as prescribed by Govt. in current COVID-19 Pandemic.

An early response in this regard would be highly appreciated.

With regards,

Yours sincerely,

(Meenakshi Munshi)
