

Installation of Biogas Reactor at 3BRD Air Force Station Chandigarh. (September 2020 and online consultancy in 2021)

In the month of September (21.09.2021), We (Karm Dass, Prof. Ashish Kumar and Prof. Sudhir Kumar) installed 3 Biogas reactors of 2000 litre capacity in 3 BRD Air Force Command Station Chandigarh. All the three biogas Reactors were installed in a single day with the technical support of JUIT team and financial support of 3 BRD. At the time of Installation 5 litre of inoculum was added in each biogas reactor. The reactor became functional within 6 days. These biogas reactors were installed on the request of wing commander Aditya Uday Singh & Group captain Shailja Sharma of BRD Air Force Station. Air Commodore Sanjiv Ghuratia thanked JUIT team and authorities for their gesture after the successful installation of all the three Biogas reactors. The online consultancy for functioning of these biogas reactors was given thereafter in 2020-2021.

Biogas Reactors installed at 3 BRD Air Force Station, Chandigarh
