

## **Maintenance of three biogas reactors installed at 3BRD Air Force Station Chandigarh. (20 April, 2022)**

In the month of September (21.09.2020), we (Karam Dass, Prof. Ashish Kumar and Prof. Sudhir Kumar) installed three Biogas reactors of 2000 liter capacity each in 3 BRD Air Force Command Station Chandigarh. All the three biogas reactors were installed in a single day with the technical support of JUIT team and financial support of 3 BRD. On request of 3BRD, the technical person of JUIT visited them to look into the maintenance of reactors. Mr. Karam detailed the main parameters and functioning of reactors to the mess staff and other workers. He explained them the optimization of Organic Loading Rate in summers and winters. He checked the Ph value and instructed accordingly. Wing Commander Aditya Uday Singh expressed special thanks to JUIT team for their gesture and support.
