Internal Review and Mentorship Committee (AY 2023-24)

The TIEDC focuses on harnessing the talents and research strengths available in the area of different Engineering disciples and applies the same to socially relevant projects in the form of startup ventures. The cell also provides technological guidance to the budding entrepreneurs to establish small scale industries and consultation in market assessment.

To review the startup proposals received through Department of Industries, Himachal Pradesh and provide mentorship to these startups, an internal committee has been formed which consists of our esteemed faculty members with different domain knowledge. The list of members of internal review and mentorship committee is as follows:
