Session on “Incubation -Opportunities and startups”

In order to sensitize the students about Incubation - Opportunities and startups a of 2 session was conducted in the Auditorium of JUIT Waknaghat on 23 and 24 July 2024 for newly joined student’s of B Tech. The main of the these sessions was to aware the students about the incubation opportunities which Jaypee University is having.

The first day session was taken by Prof. Ashish Kumar – Nodal Officer, Incubation Centre, Jaypee University of Information Technology, Waknaghat, Solan. In this session a total of around 300 students attended the session talk. The students were familiarized about the Technology Incubation and Entrepreneurship Development Cell (TIEDC) and about the scheme in the name of Chief Minister’s Startup Scheme which TIEDC is having to support the startup activities. The main aim of TIEDC is to foster innovation and entrepreneurial skills among the youth. The students were appraised about that incubation facilities are available to all the students and they can work on their idea in the centre. The space id dedicated fully for startup activities. In addition, students were told about the faculty and students Team of TIEDC and was also appraised about the faculty mentors and external mentors. The students were also told by the support facilities which cell provides under Chief Minister’s Startup Scheme.

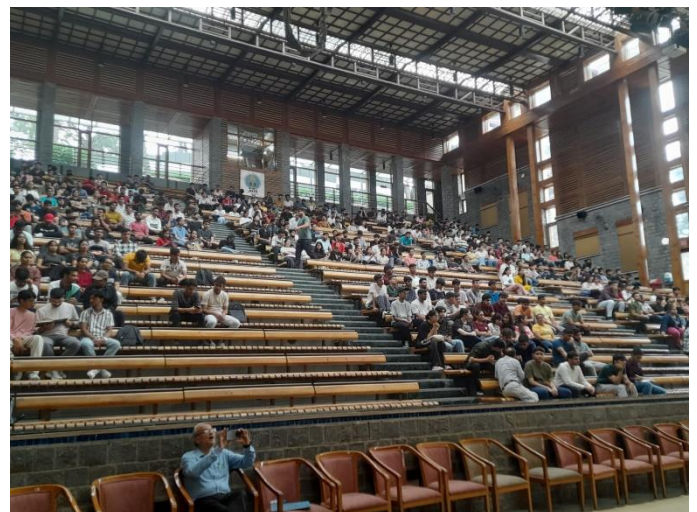

The second day session was taken by Dr. Shruti Jain -Associate Dean (Innovation) and Professor in the Department of Electronics and Communication Engineering at the Jaypee University of Information Technology, Waknaghat, Solan. Initially, she provided a brief history of IEEE, its global impact, and its mission. She explained the organizational structure, including global headquarters, regional sections, local chapters, and student branches. She described various technical societies (e.g., IEEE Communications Society, IEEE Power & Energy Society) and their roles. She highlighted Membership Benefits like Professional Development, Networking Opportunities, Skills Development, Career Guidance, Publications and Resources. She informed the students about the “Directorate of Research, Innovation and Development” (DRID), a Vertical of Jaypee education system which supports the innovative ideas and projects and provides the funds. She also informed students about the role and working of the WIE Affinity group and the SIGHT Chapter of JUIT. The session was attended by
