An Expert Lecture on *"Performance Analysis of Two-Lane Highway by Identifying Followers And Non-Followers"*

Date: December 8, 2023

College: Rao Birender Singh State Institute of Engineering & Technology, Rewari

Approximate No. of Students Attended: 28

An expert lecture on "Performance analysis of two-lane highway by identifying followers and non-followers" was delivered by Dr. Amardeep, Assistant Professor Department of Civil Engineering, JUIT Waknaghat in online mode on December 8, 2023, at **Rao Birender Singh State Institute of Engineering & Technology, Rewari**. A total of 28 students of Civil Engineering joined the expert lecture. The main aim of the lecture was to discuss the methodology for evaluating the performance of two lane highways by identifying the following and non-following vehicles. It was also stated that the methodology of the developed countries may not be adopted for Indian traffic condition i.e. heterogeneous in nature.
