

Visit by DAV Public School, Kandaghat

Date: December 14, 2023

School: DAV Public School, Kandaghat

Approximate No. of Students Attended: 25

About 25 students from DAV Public School, Kandaghat, visited the Department of Civil Engineering, Jaypee University of Information Technology, Waknaghat, H.P., on December 13, 2023. They interacted with the faculties and laboratory staff and learned about the various experiments and their importance done in the Highway Engineering, Concrete Technology, Environmental Engineering, Computer Aided Designing, Workshop Practices, and Geotechnical Engineering. This visit was coordinated by **Dr. Saurabh Rawat** and Dr. Niraj Parihar, from the Civil Engineering department. The students also visited various departments including Computer Science Engineering, Information Technology, Biotechnology and Bioinformatics, Electronics and Communication Engineering, Department of Mathematics, Department of Physics and Materials Science, Department of Humanities, and Social Sciences, etc. The Head of Civil Engineering Department, **Dr. Ashish Kumar** encouraged having similar frequent visits in near future so that the students develop interest in science, engineering, and technology.
