

GUEST LECTURE REPORT (7th May, 2018)

Civil Engineering Consortium (CEC) has successfully organized a Guest Lecture on **Basic Surveying and Remote Sensing** by Dr R.D.Garg (Associate Professor, IIT Roorkee) on 07th May, 2018 in CR-14 from 11:00-12:30pm which was attended by 95 students.

In Lecture Session Dr R.D.Garg discussed about

- Introduction to Basic Surveying.
- What is Remote Sensing?
- Applications of Remote Sensing.
- Its advantages and disadvantages.
- Its benefits, components and about its basic terminology which are used in remote sensing.
- What is GPS, GIS?
- Advancements in techniques of surveying.

This lecture would help 1st and 2nd year students in surveying course.
