Event Name: Enrolment of 1st Year Cadets

Date: 5th August 2024

Place: JUIT, Wagnaghat

On the 5th of August 2024, a comprehensive enrolment process for the 1st-year cadets at Jaypee University of Information Technology was conducted under the supervision of the PI staff from 1 HP Boys Bn NCC Solan.

The enrolment process began with a series of physical tests designed to assess the fitness levels of the candidates. The cadets participated in shuttle runs, push-ups, and sit-ups, which are critical components in evaluating their physical endurance and overall fitness. These activities were meticulously organized to ensure a fair and effective assessment of each candidate's capabilities.

Following the physical trials, all cadets underwent a thorough medical checkup to ensure they met the health and fitness standards required for NCC training. This step was crucial to confirm that the candidates were in good health and capable of handling the physical demands of NCC activities.

As a result of the rigorous selection process, 25 cadets were successfully enrolled in the NCC program. The entire procedure was conducted smoothly and efficiently, adhering to the guidelines and standards set forth by the NCC.

We extend our gratitude to the PI staff from 1 HP Boys Bn NCC Solan for their diligent supervision and support throughout the enrolment process. Their expertise ensured that the trials were conducted with precision and fairness.

The successful completion of this enrolment marks the beginning of an exciting journey for the new cadets, who are now ready to embark on their NCC training with enthusiasm and commitment.
