

## TRIALS OF THE 2023 BATCH GIRLS FOR ENROLLMENT IN 1 HP GIRLS BN SOLAN

**Date: 31 August, 2023**

**Location: Jaypee University Of Information Technology, Wagnaghat**

**Time: 10:00A.M.**

### Overview:

The trial day commenced with an inspiring welcome address by the PI Staff, Solan\*, who introduced the aspiring cadets to the significance of the NCC in fostering leadership, discipline, and patriotism, A, B and C certificates. The agenda for the day included a series of activities designed to test both physical and mental attributes such as height, weight, push-ups, running, and a general knowledge test.

The participants engaged in these series of physical fitness tests that showcased their stamina, endurance, and strength. The determination displayed by the first-year girls was truly commendable, with many surpassing their own expectations. The collective cheers and words of encouragement echoed throughout the event venue, creating an atmosphere of unity and motivation. The girls exhibited their ability to work harmoniously and adapt to different roles, reflecting the values that the NCC instills.

As the day ended, it was evident that the NCC holds immense promise for these young women in terms of personal development, leadership skills, and a strong commitment to serving the nation. A total of 22 cadets were selected from the cumulative scores based on their performance.

With this experience as a stepping stone, the first-year BTech girls are poised to embrace the challenges and opportunities that lie ahead in their NCC journey, further enriching their academic and personal pursuits.
